WE'RE SO HAPPY TO HAVE YOU.

Bridge IT has an extensive experience that was acquired through many years of engagement in the industry. We pride ourselves among the contributors who shape tomorrow's technology standards in Africa.

From our head office in Johannesburg, a dedicated team of experienced Information Technology professionals provide our services to an extensive portfolio of corporate, public sector and education clients throughout Africa.
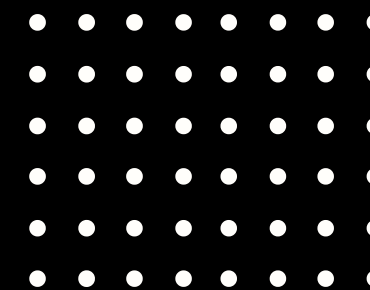

We have a recognized ability to deliver services and solutions, tailored to fit the unique needs of each organization according to its size and area of activity.
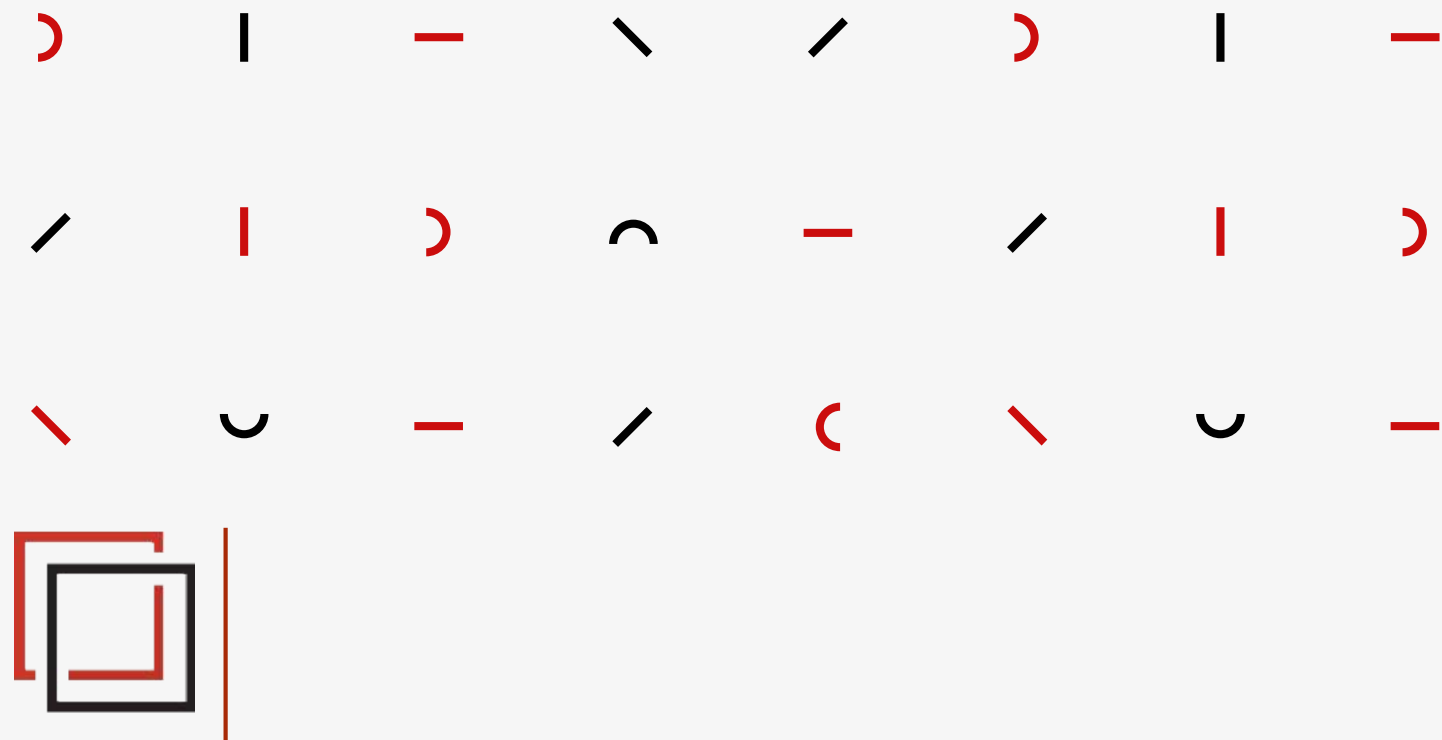

Our Story

A BRIEF BACKGROUND

We make it a top priority to build and maintain partnerships with distinguished international partners, to build and deliver tailored solutions to our customers. Moreover, We are a Microsoft Cloud partner with extensive experience of big projects, implementing Cloud solutions, as well as others. Trust, Integrity and Teamwork are the values upon which we built our growth and success, and which we live and work by Our outstanding record in catering to the security needs of the top players in all the industries we work with, armed with years of experience and extensive know-how, allows us to offer, not just products or services, but customized comprehensive solutions that suites your company's current and future needs

We understand that business relations are the foundation of success, and that's why our priority is to build strong lasting relations with our customers, and our partners. We see our clients' business as ours, and we work continuously on bettering and fostering global partnerships, to be able to provide the optimum know-how and support to our customers,
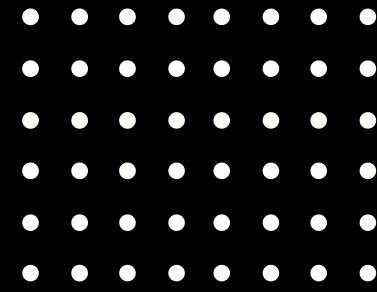

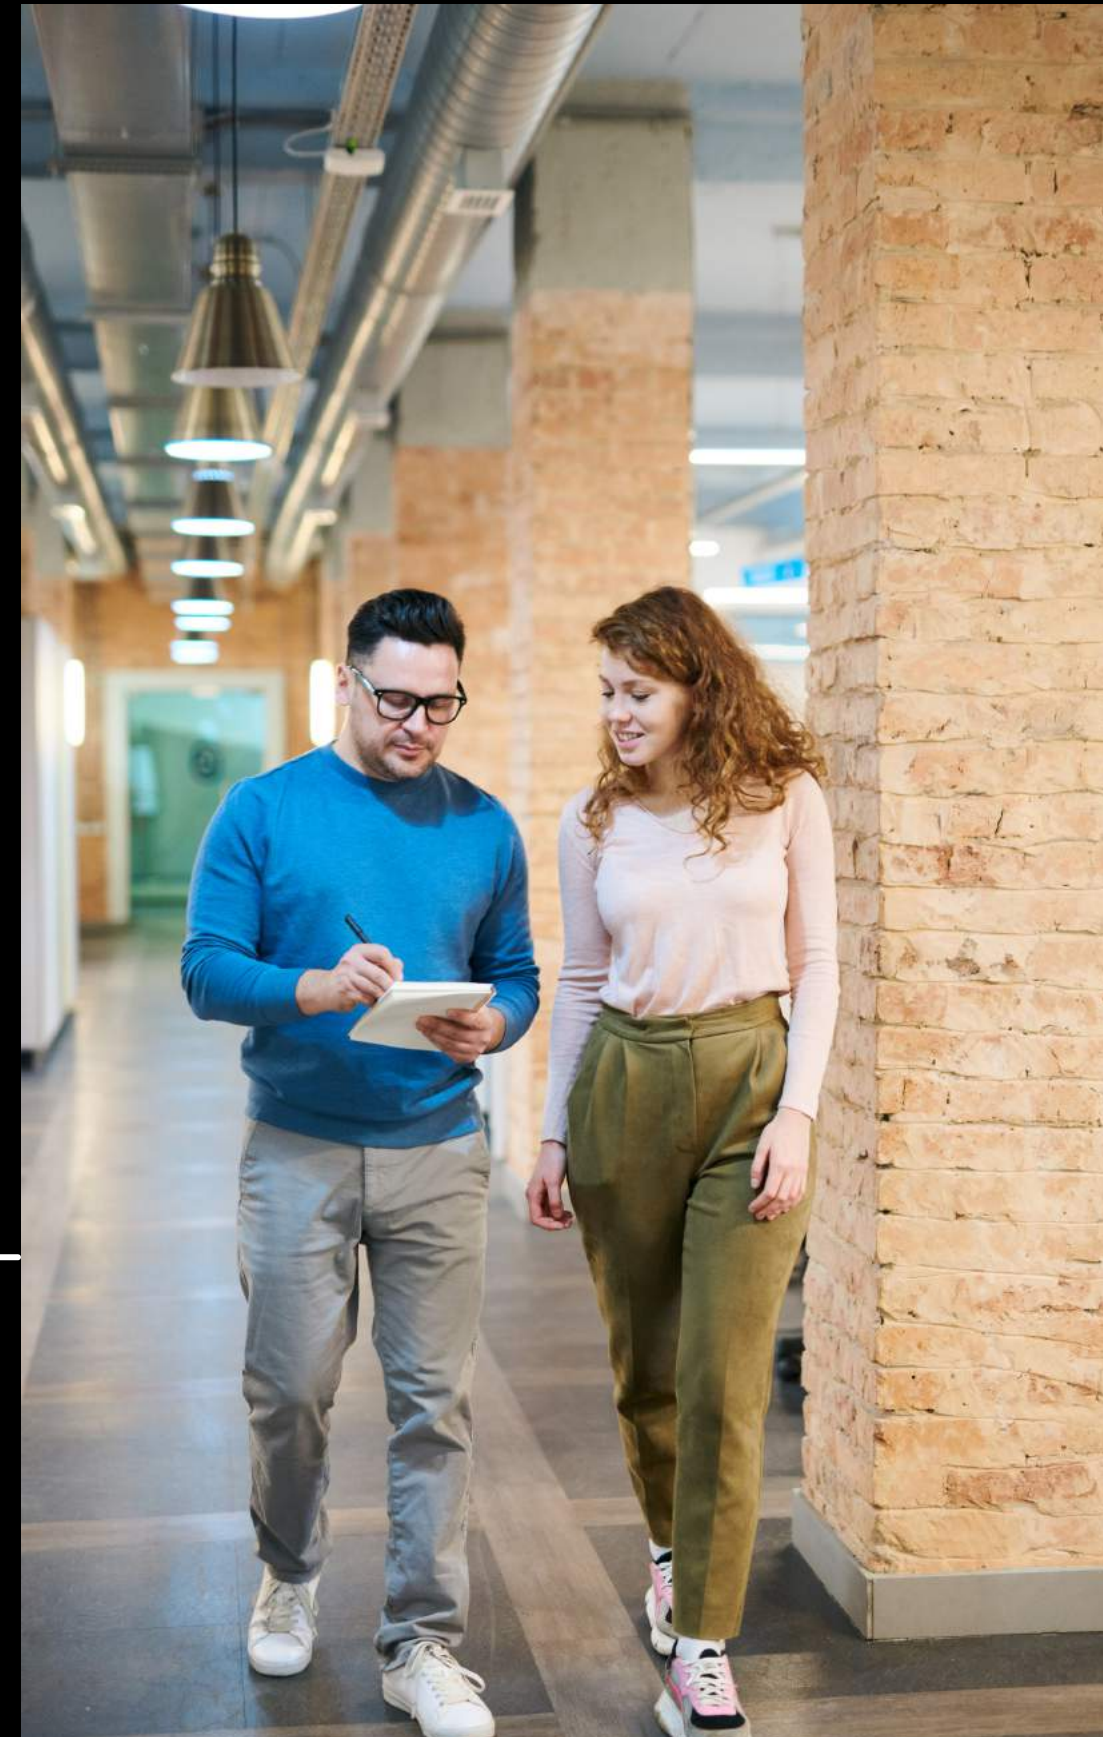

The Mission

WHAT WE'RE UP TO

We enable our customers to maximize the utilization of their available tools. Through our experience with use cases, and familiarity with various attacks, accumulated through the years, we are able to customize our clients' systems to tune themselves and distinguish real threats from false positivity, thus saving our customers time and resources and allowing their security team to address the real attacks
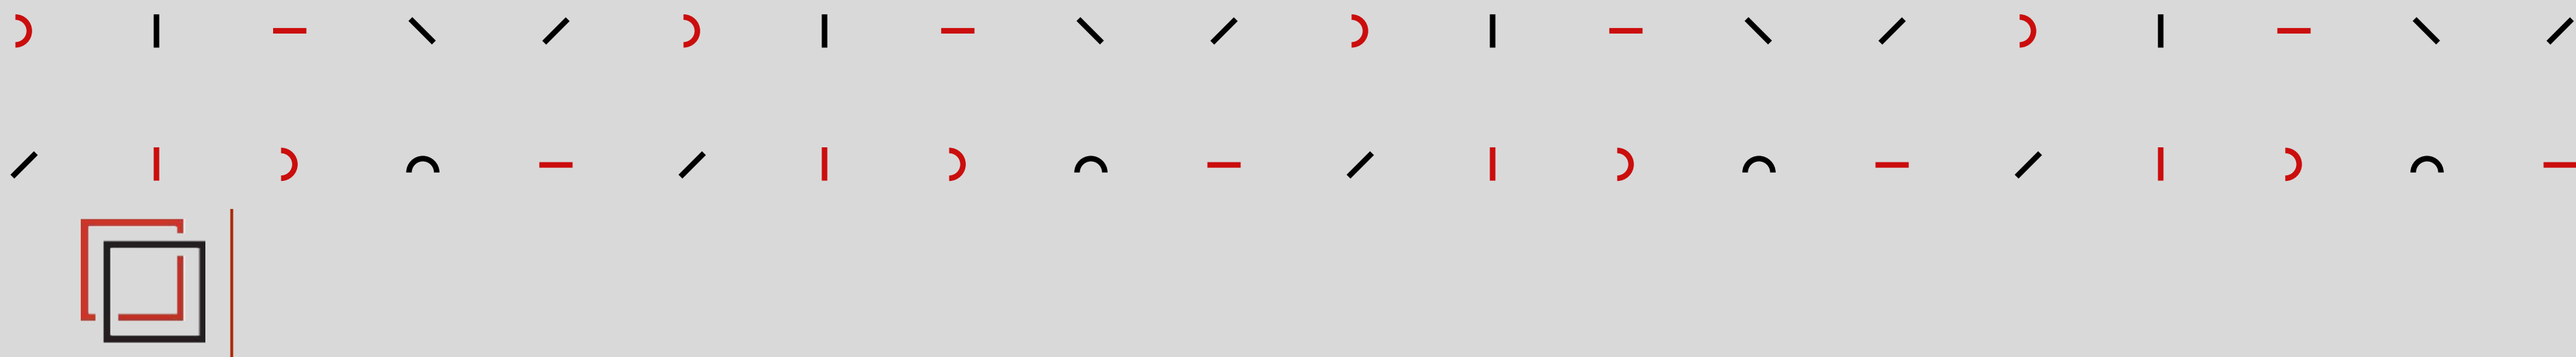

The Vision

WHAT WE DREAM THE WORLD TO BE

Provides outsourced monitoring and management of your company's security devices and systems, this include managed firewall, intrusion detection, virtual private network, vulnerability scanning and anti-viral services. We provide a set of tailored program packages to match your company's security needs, providing 24/7 services designed to reduce security cost and personnel need.
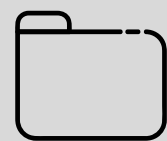

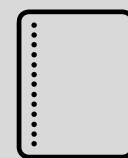

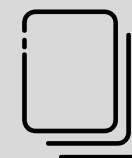

# Our Values

WHAT GUIDES US

| Determination | Drive | Growth | Positivity | Gratitude |

One of our main priorities is to build a network of a very distinguished partners. Bridge IT is partnering with big international and regional partners with different products portfolio that empowers us to provide the best customized offerings that fit our customers' varied requirements

The Work Process

With the information security boom, customers are faced with a huge number of information security challenges. We offer our customers a single central point to bring all these vendors in focused solutions.
We help organization in implementing and adopting Security Solutions in these domains

Initiation

Our project Manager will take a detailed breakdown of what needs to be completed and by when

Planning

They turn this into a Project Roadmap detailing the key deliverables and dependencies.

Execution

We undertake the project, liasing with 3rd parties, suppliers and stakeholders.

Monitor

Regular reviews of the project roadmap and rectifying any issues means the project stays on time and on budget.

Completion

The project is delivered to the client's satisfaction.

Bridge IT provides outsourced monitoring and management of your company's security devices and systems, this include managed firewall, intrusion detection, virtual private network, vulnerability scanning and anti-viral services. We provide a set of tailored program packages to match your company's security needs, providing 24/7 services designed to reduce security cost and personnel need.

"THE BEST PREPARATION FOR GOOD WORK TOMORROW IS TO DO GOOD WORK TODAY."

Elbert Hubbard

companies no longer just want a vendor who responds to requests at a minimal cost - they need an innovative partner that can quickly turn ideas and projects into value-generators with minimal cash burn, and that's what we do.

Thank you!
